Mission Statement

To take our love for hunting and precision shooting and build a product in the USA that doesn't compromise quality in any of its hunting products.

Core Values

Tag Hunting foundation is based on honesty, reliability, and precision. We will never cut corners and always put our customer's first.

Product

- **ARS-1 ONESHOT**
- **ARS-1 BENCH REST**
- **ARS-2 ONESHOT**
- **ARS-2 HORIZONTAL ADJUSTER**

Getting Started

Firearm safety is every gun owner's responsibility. Tag Hunting is an advocate for the safe use, handling, secure storage and proper education that accompany responsible firearms ownership. Tag Hunting encourages everyone to store all guns under lock and key, and to take special precautions to keep guns out of the reach of children. Do not use a firearm until you fully understand Firearm Safety. If you have any questions about Tag Hunting product when using our product, contact us at **www.taghunting.com** or by mail **PO Box 1288 Grandview, TX 76050** or call us at **1-888-667-1760**.

Firearm Safety

As a gun owner, you accept a set of demanding responsibilities. How seriously you take these responsibilities can be the difference between life and death. There's no excuse for careless or abusive handling of any firearm. At all times handle your rifle with intense respect for its power and potential danger. This product is classified as a lethal weapon. The failure to read and properly execute the instructions and warnings contained in this manual could result in serious injury or death or damaged property. Remember that firearm ownership and use is a responsibility that no one should take lightly. Most firearm accidents would not occur if the following rules are observed:

1. Consider every firearm loaded. Never point the muzzle at anything you do not intend to shoot. Always do this even though you are certain the gun is unloaded. Be extremely alert and aware of all persons or property within the range of your ammunition.
2. Learn the mechanical and handling characteristics of the firearm you're using. Always assume that your gun can be fired at any time, even with all safety mechanisms engaged. Like any mechanical device, a safety can sometimes fail; it can be jarred or inadvertently manipulated into an unsafe condition. Mechanical safeties merely aid safe gun handling and are no excuse for pointing your guns muzzle in an unsafe direction. Safe gun handling does not stop with your guns mechanical safety devices - it starts there. Always treat all firearms with the respect a loaded, ready to fire gun deserves.
3. Use the correct ammunition of the caliber and type intended for the firearm. Tag Hunting assumes no liability for incidents which occur through the use of nonstandard cartridges which develop pressures in excess of industry standard ammunition. No warranty is expressed for the use of reloaded ammunition in our firearms.
4. Make sure your barrel is always free from any obstruction including mud, dirt, snow, grease, heavy oil or other foreign matter. Always be alert to the signs of ammunition malfunction. If you detect an off sound or light recoil when the cartridges fire, do not load another cartridge into the chamber before checking for obstructions.
5. Always wear eye and ear protection when shooting. Unprotected, repeated exposure to gunfire can cause hearing damage. Wear hearing protection, shooting earplugs or muffs, to guard against such damage. Wear shooting glasses to protect your eyes from flying particles. Also, wear eye protection when disassembling and cleaning all firearms to prevent the possibility of springs, spring tensioned parts, solvents or other agents from contacting your eyes.
6. When not in use, store unloaded guns and ammunition separately under lock and key. Store your firearm and ammunition separately well beyond the reach of children. Take all safeguards to insure that any firearm does not become available to untrained, inexperienced or unwelcome hands.
7. Never climb a fence or tree or jump a ditch with a loaded gun. Never lean or place any loaded firearm on or against a fence, tree, car or other similar object. If this is done the gun may inadvertently fire, causing the gun to fire accidentally.
8. Never pull a gun toward your body by the muzzle. If this is done, and there is an accidental discharge, you will surely be injured or fatally wounded.
9. Keep your fingers away from the trigger, while unloading or loading, until you are ready to shoot.

10. Be sure of your target and beyond before you shoot. Never use hard flat surface or water as your backstop. Especially during low light conditions. Know the range of your ammunition. Never fire at water or hard objects as ricochets may occur.

11. Never loan your gun to anyone unfamiliar with these precautions. Supervise and teach firearms safety to all members of your family - especially to children and non-shooters. Closely supervise newcomers to the shooting sports. Encourage enrollment in hunting/shooting safety courses. The National Rifle Association's Eddie Eagle program is a great starting point.

12. Be defensive and on guard against unsafe gun handling around you and others. Don't be timid when it comes to gun safety. If you observed other shooters violating any of the safety precautions, politely suggest safer handling practices. **WARNING!** Failure to follow any of these safety rules may cause personal injury or death to the shooter or bystander and damage to property.

13. Never drink alcoholic beverages or take any type of drugs before or during shooting. Your vision and judgment could be dangerously impaired, making your gun handling unsafe to you and to others.

Warranty

Limited Lifetime Warranty: Tag Hunting warrants its products will be free from defects in materials and workmanship to the original owner for the lifetime of the product.

If warranty claim is validated, we will repair, replace or refund, at our option, the damaged product.

Our Limited Lifetime Warranty does not cover damage caused by normal wear and tear, accident, lost or stolen items, improper care or cleaning, non-standard usage, negligence or aftermarket modifications.

"Lifetime of the product" means the lifetime of the components, fabrics, and materials of the warranted product. Materials and components wear out, deteriorate and fade over time, depending on the product's exposure to the elements and how the product is used and cared for. Our warranty does not cover products that fail or are damaged due to wear and tear.

All warehouse items are covered by our warranty, excluding any specific issues mentioned on the product page. Warehouse items are sold in like new condition.

Warranty Registration Card

TAG HUNTING

Warranty Registration Card

Congratulations on purchasing a Tag Hunting product!

Please take the time to register your product by filling out this card and returning it to Tag Hunting.

Name of Product _____ Date of Purchase _____

Attach Copy of Receipt

Signature _____

*Please return this completed Warranty Card by email to **tommy@tag hunting.com**
or by Mail: **Tag Hunting, LLC, P.O. Box 1288, Grandview, TX 76050***

Terms & Conditions

We want to make sure you are 100% satisfied with your purchase. Please contact our customer service department if you have any questions or are experiencing any problems with our products. We would be glad to help you. All Tag Hunting products are warranted against manufacturing defects for one year from date of purchase. Refer to instruction manual for more information. Tag Hunting will repair or replace any defective part at the discretion of Tag Hunting.

Return Policy

All sales are final. If you are experiencing problems with one of our products please contact us and we will gladly assist you. If it is determined you need replacement parts we will send them to you. If your warranty is still in effect we will send it at no cost to you. If it is determined by Tag Hunting that your product is defective we will discuss your return options at that point. Any unauthorized returns will be sent back to you and shipping costs will not be refunded.

Disclaimer

By agreeing to receive a Tag Hunting product, the buyer concurs to hold harmless Tag Hunting and all related parties from liability for any damage to persons or property which may result, for any reason, from the use or misuse of any Tag Hunting product. Tag Hunting may make design changes or modifications at any time. Tag Hunting logos and pictures are property of Tag Hunting and may not be duplicated without express written permission from Tag Hunting. Tag Hunting may not be held responsible for web page errors and or omissions. We reserve the right to cancel or refuse any order at any time.

Third-Party Links

Tag Hunting may link to sites set off by third parties, in an aim to provide increased worth to our visitors. Although, even if the third party is associated with Tag Hunting, Tag Hunting has no control over these linked sites, all of which have separate privacy and data collection operations, independent of Tag Hunting. These linked sites are only for your benefit and therefore you access them at your own risk. Tag Hunting seeks to protect the integrity of its web site and the links placed upon it and therefore requests any feedback on not only its own site, but for sites it links to as well (including if a specific link does not work).
